| SENSOR SWITCH (NON nLight) |  WSX WH                  |                       | Single Relay Wall Switch with Occupancy sensor (available with double relays and night lights)   | 1 lb  |   |  |  |  |
|                            |  WSX D WH                |                       | Dimming Occupancy Wall Switch  | 1 lb  |   |  |  |  |
|                            |  SPODM WH                |                       | SwitchPod, Manual Auto On, Low Volt, Push-Button   | 1 lb  |   |  |  |  |
|                            |  SPODMRD WH              |                       | Dimming Switchpod, Manual Auto On, Push-Button   | 1 lb  |   |  |  |  |
|                            |                         | CM_(6, 9, 10, or 11)   |   | Ceiling Mount Occupancy Sensor for standard 9ft ceiling applications. For applications with finished ceilings. Available with several lens options as well as dual technology (PDT) occupancy detection.  | 1 lb  |  |  |  |
|                            |   | CMR_(6, 9, or 10)  |   | Ceiling Mount Occupancy Sensor for 15 to 45 foot ceiling applications. For applications with finished ceilings. Available with several lens options as well as dual technology (PDT) occupancy detection. | 1 lb  |  |  |  |
|                            |  LSXR 610              |  |   | Fixture mount sensor available with Two interchangeable lenses - high mount 360° and low mount 360°   | 1 lb  |  |  |  |
|                            |  PP20                  |  |   | The PP20 power packs switch lighting loads on and off using their internal relays. This power pack utilizes a patented relay contact protection and can power up to 14 sensors.                           | 1 lb  |  |  |  |
| nLight AIR (WIRELESS)      |  RPODB WH G2           |                     | Battery powered wall switch, On/Off single pole (2 poles also optional, dimming also available)  | 1 lb  |   |  |  |  |
|                            |  RPODL WH G2           | CALL FOR AVAILABILITY  | Line powered wall switch, On/Off single pole (2 poles also optional, dimming also available)   | 1 lb  |   |  |  |  |
|                            |  RCMS (6, 9, or 10) G2 |                     | nLight Air Ceiling Mount Occupancy Sensor for ceiling applications with multiple mounting heights. Available with several lens options as well as dual technology (PDT) occupancy detection.               | 1 lb  |   |  |  |  |
|                            |  RCMSB (7, 45, 45A) G2 |                     | nLight Air Ceiling Mount Battery Powered Smart Sensor for ceiling applications with multiple mounting heights. Available with several lens options: 7- Low Mount, 45- High Mount, 45a High Mount Aisleway. | 1 lb  |   |  |  |  |
|                            |  RSBOR (7, 45, 45A) G2 | CALL FOR AVAILABILITY  | This outdoor pole and fixture mount motion and photosensor simplifies retrofits of existing 0-10V luminaires by eliminating the need to pull communication wires between devices.                          | 2 lbs   |   |  |  |  |
|                            |  RPP20 D G2            |                     | nLight Air Power Pack includes 0-10V dimming control, and a low voltage power supply output to power and wireless switches and sensors. The rPP20 is capable of switching loads up to 20A                  | 1 lb  |   |  |  |  |
