

**Acuity Freight Allowance
For Shipments Within the 48 Contiguous United States*
Effective November 4, 2024**

Orders having a total amount equal to or greater than \$3,000** qualify for freight allowance, except if an order includes any of the following brands, in which case those orders will default to the corresponding minimum listed below.

<u>Brand</u>	<u>Minimum**</u>
Luminis®	\$5,000
Mark Architectural Lighting™	\$5,000
Peerless®	\$5,000

Products from multiple brands may be combined in the same order within Agile; however, the entire order will default to the highest freight minimum required for a given brand to qualify for freight allowance.***

For example, if an order has Lithonia Lighting and Mark Architectural Lighting order lines, the order will default to the higher minimum of the two brands, which is \$5,000. In this example, if the order total is below \$5,000, then the customer will pay the carrier freight charges for all shipments on this order. If the order total is \$5,000 or above, then Acuity will pay the carrier freight charges for all shipments on this order.

Orders for the following brands must be processed directly with the factory and cannot be combined with other brands.

a-light™	Contact a-light for applicable freight charges
Eureka®	Contact Eureka for applicable freight charges

*For shipments outside the 48 contiguous United States, contact Acuity for applicable freight charges.

**The minimum amount of the total price of the order needed to qualify for freight allowance. Services (such as installation, commissioning, start-up programming, site audits, field repair work, pre-construction meetings, site visits, service of lighting controls equipment under service plans, software (including both licensed software and remote software functionality offered on a service basis), and any other services) do not count toward the minimum order amount needed to qualify for freight allowance.

***Lithonia Lighting® Commercial Outdoor Poles are freight prepaid and allowed regardless of total order amount and do count toward the minimum order amount.

Acuity reserves the right to change the freight allowance policy at any time without notice.
