[Click here for Spec Sheet](#)

Hurry! Take advantage now, while supplies last!

Promotion Details

These reductions are significantly lower than even national clearance pricing and are available for a limited time only, based on component availability, and until excess inventories are exhausted. Contact AQD for a quotation, which is only valid while supplies last. Alternate adapters and factory-installed options are extra. **Triple-Dip commission will be paid, even at these significantly reduced prices.** Offer not valid on previous sales. All sales are final – no discretionary returns will be accepted for any of these series. Note that fixtures are make-to-order – normal lead-times apply. For any questions, please contact AQD, your Acuity salesperson, or Michael McCown at Michael.McCown@AcuityBrands.com.
